May 21-23

American Ranch Horse Show  
May 28-30

### *Did you know?*

Did you know that the Agricultural Complex can host almost any type of event? We've held football camps, a large Trick or Treat event, a dog show, a Boy Scouts ceremony, and so many more events that you may not typically think of hosting at an Agricultural Complex. If you have an event that you may want to host at the Complex, give us a call and we can work out the details!

## April was a very busy month for the Ag Arena!

In April, we held a three-day team roping event with JX2 Productions. Following JX2, we held a meeting for the USDA Natural Resources Conservation Services; their meeting was for "how to file" for a new federal aid program managed through their office. Next, was the Kiwanis Statesboro Rodeo; the event was completely sold out both nights. The weather was perfect Friday night; Saturday justified the Kiwanis' decision to move the Rodeo to our facility. Without the covered facility the Rodeo would have been cancelled due to weather on Saturday.

April was a great month for our Public Riding Program especially considering the limited availability (7 days only in April), with a total of 95 participants.

In April we were able to secure Georgia Ranch Horse Association's remaining 3 events for 2021. The events will be 2- and one-half days each and will occur during September, October, and December.
